## Enquiring Minds and Open Hearts

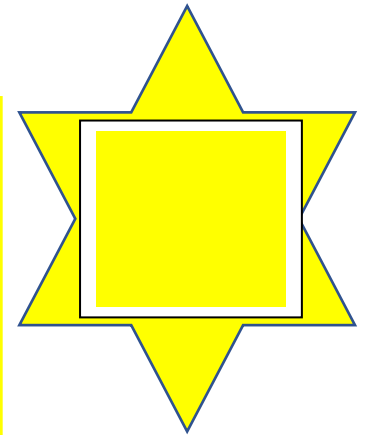

Autumn Term

Topic: Marvellous Me

### English

In English we will be looking at Recounts to begin our year off with writing about our holidays. We will then be looking at stories based around the book 'Shine' before we complete some non-fiction biographies about Picasso.

### Mathematics

Within Maths we will start off looking at place value skills. We will then begin to look at Addition and Subtraction. After half term we will be looking at shapes before returning to some place value work.

### RE

During RE this term the children will be discussing the question: Why is the bible an important book? Focusing on books in the bible, how it helps people and what part it plays in the lives of children and their families.

### Science

In science the children will be exploring the different parts of the human body and the senses as well as exploring seasonal changes and various habitats in Forest School sessions.

### PE

Within indoor PE we will be covering basic movements such as balancing and jumping before then using these to incorporate into our own dance compositions. In outdoor P.E we will be looking at personal bests and how to improve our skills such as throwing and catching.

### PSHE

For PSHE this term we will be looking at rules and focussing on our new Rainbow rules and what these might look like. We will also be thinking about what rights we have as children and what these might be.

### Geography/History

In history the children are going to be looking at timelines of their own lives and important events within them. In geography we will be learning all about the oceans and the continents.

### Art/DT

For DT we will be looking at creating healthy meals. We will also be learning about the art work and life of Picasso and creating work in his style.

### Music/Computing

Within music we are going to be exploring different genres of music and their characteristics. In computing we will be learning about safety online and word processing.
