Enquiring Minds and Open Hearts

Autumn Term 2021
Dark Nights and special lights

English

For our English learning this term we will start by getting to know the children and their homes and families. We will then be looking at the story 'Ella's night lights' where we will look at creating story maps and re-writing the ending. Afterwards we will learn the story of Diwali and re-write the story in our own words.

Mathematics

In Maths we will be starting with place value of numbers. This includes placing numbers in order and understanding if number are more or less than one another. We will then continue on to addition and subtraction. This includes adding 2 single digits together and begin to use pictorial methods to complete these calculations. After half term we will be learning about 2D and 3D shapes. We will learn their names and properties to help with identifying them.

RE

In RE this term we will be discovering who God is. We will be looking at the Bible and looking at why it is important to Christians. We will also look at the Nativity story and discuss who travelled to Bethlehem.

Science

During our Forest School sessions, we will be looking at various weather patterns and thinking about how much daylight we have. This will continue throughout the year so we can see the changes through the seasons. We will also be earning about Materials and the objects which are made from them.

PE

In PE we will be looking at the skill of throwing and catching. We will be using various techniques to help us improve our accuracy of this skill. We will then take these skills and play simple team games to show off how much we have learnt.

PSHE

The first of our story project books this term is 'The family book' where we will be discussing various family structures and these people's roles in our lives. For after half term we will be looking at the book 'Peace at last'. We will be talking about the importance of sleep for our health and how our feelings can affect our behaviour.

Geography/History

For our Geography learning we will be learning about the 4 countries of the UK and the continents of the world. In History we will be learning about Guy Fawks and the changes in how light is made.

Art/DT

Within our Art learning we will be looking at the artist Cai Guo-Qiang who painted with Fireworks. We will then create our own firework pictures with paints and pastels. We will be linking our DT learning with our English learning of Diwali where we will design and make Diva lamps.

Music/Computing

In Music we will be learning various call and response chants. We will learn the vocabulary that is used to describe music also. For Computing we will learning about how to be safe when using the computer and the internet as well as learning the basic uses of a computer.
